RFP 20-14RH

MOBILE PARKING PAYMENT MANAGEMENT PROGRAM

The San Diego Unified Port District seeks proposals from qualified firms to provide Mobile Parking Payment Management Program services. The District is interested in deploying mobile payment applications as an additional method of payment for visitors of the tidelands to use in paying for parking at traditional meters, smart parking meters, multi-space pay stations, and any other parking environments inclusive of those with no hardware. In order to effectively manage multiple mobile payment applications, The District is interested in deploying a Mobile Parking Payment Management Program (MPPMP). The District's estimate for this project shall be compensated on a negotiated basis as established in the Fee Schedule. Parties interested in obtaining a copy of this RFP may do so by downloading the Proposal from the District website, <http://vendors.planetbids.com/SDUPD/bidsearch4.cfm>.
